

Final Seminar 27-28 September, Östersund

Lunch to Lunch

One step towards a safer blood bag

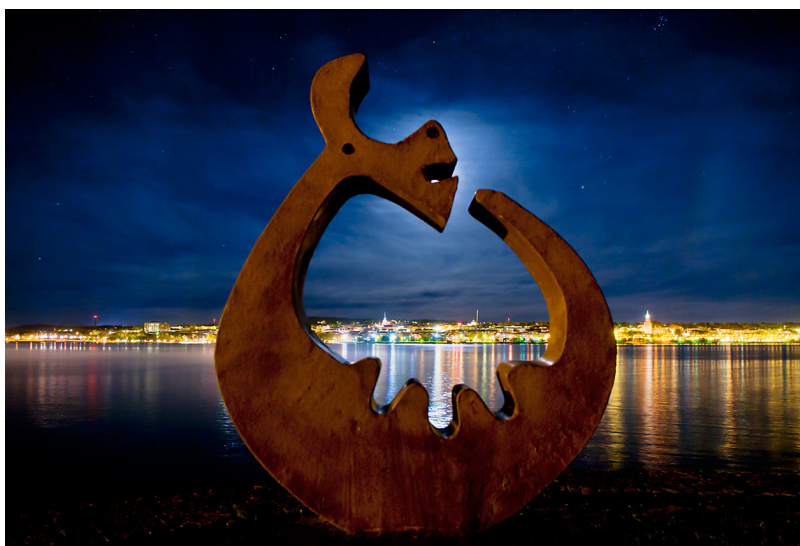

Welcome to a Seminar lunch to lunch in the beautiful town of Östersund in the mountain area of Sweden. The seminar will present the projects achievements and future challenges.

Learn about the results from project, the user tests, Life Cycle Assessment.

Listen to representatives from other international projects and organisations that share our objectives.

Stefano Lorenzetti from Life EDESIA and Chantal van den Bossche from Life Child-Protect are among the speakers.

Looking ahead - Future challenges and how to proceed.
